

Attention, Voters!

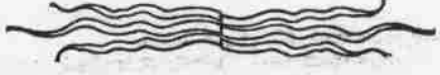

LAST week we furnished you the facts and figures relative to the ROAD BOND ISSUE. Remember the date:

Saturday, December 13, 1919

We believe a careful examination and understanding of the facts and figures heretofore presented will convince you that you owe it to yourself and your fellow citizens to vote for the Bond Issue.

IF YOU are in favor of this move for the upbuilding of your County, be sure to vote on December 13th, and be sure that you use your best endeavors to persuade your neighbors to vote. A stay-at-home cannot be counted—only those votes cast on December 13 will determine the question.

WE feel certain that if this Issue should fail, it will be a very short time until those voting in the negative will be equally sorry with those of us who are advocating it.

This question is of equal importance to every man, woman and child in Iron County.

CAMPAIGN COMMITTEE.

Get Busy! Keep Busy! Vote Early! Let's Win!
